Kathleen Terry

NOV. 25, 1961 - 1974

THERE ARE WATERS BLOWN BY CHANGING WINDS
TO LAUGHTER

AND LIT BY THE RICH SKIES, ALL DAY. AND AFTER,

FROST, WITH A GESTURE, STAYS THE WAVES THAT
DANCE

AND WANDERING LOVELINESS. HE LEAVES A WHITE

UNBROKEN GLORY, A GATHERED RADIANCE,

A WIDTH, A SHINING PEACE, UNDER THE NIGHT.

The New School

The year 1975 marked the official opening of the new Junior High School. The new school is located opposite Tantasqua Regional High School. This modern building is certainly a combination of architectural and educational excellence. It is a three story building which combines all the facilities of the modern American school. Included in these spacious quarters are science labs, home economics rooms, resource centers, industrial arts shops, a gymnasium and a cafetorium. The bright and cheerful classrooms are carpeted, which also contributes to making the wide halls exceptionally quiet.

Tantasqua Regional

also well equipped are the Industrial Arts areas.

The school was built to house the seventh, eighth and ninth grades, but as of this writing only two, the seventh and eighth have moved in. During September, 1975, the ninth grade will officially enter.

First reports are generally very favorable. Students appear to enjoy the newness of the school and the overall spaciousness seems to be quite conducive to the educational procress. The combined scenic and structural beauty of the new school clearly demonstrates another favorable move for the Tantasqua District.
